

BRODIES' 2013 ALL-ENERGY TEAM

Our market leading Renewables Group comprises more than 30 specialist lawyers working across our offices in Edinburgh, Glasgow and Aberdeen. Brodies is the only law firm in the UK to have both project finance and crofting / agriculture expertise, crucial to funding projects in northern Scotland.

Our Renewables Group:

- Has advised on more than 100 renewable energy developments over the last year alone, including market firsts and landmark and community critical projects from Orkney to Cornwall.
- Offers a wealth of experience across the renewable sector including wind; hydro; marine; bio energy; solar and heat schemes.
- Advises on the full lifecycle of a project from securing land rights, through financing to decommissioning.
- Provides developers; lenders; landowners; investors; community groups and the public sector with clear and practical guidance, even on the most complex renewables projects.

With expertise in finance; planning; shipping; infrastructure procurement; tax; environment; on and offshore supply chain; energy regulation; health and safety and agriculture and estates across our three offices, our renewables offering is the most comprehensive and accessible in Scotland.

This year Brodies is delighted to be part of the AREG Pavilion - come and visit us at stand AB29.

Brodies' All-Energy drinks reception will take place at our stand on 22 May at 4pm. We'd like to see you there!
